

Surplus items may be purchased by the public in several ways. Most items, including vehicles, are sold through sealed bids, with bid openings held every Tuesday. Popular items such as computers, desks, chairs and file cabinets are sold at the Raleigh warehouse and several satellite retail stores. Items also are sold via eBay, which represents a growing segment of the agency's marketing program.

For locations of satellite retail stores and other information, call 919/854-2160, or visit <http://www.surpluspropertydivision.com/>.
